

Visitors in Buildings

Security

All visitors must report to the main office to check in. A valid State issued ID is required to enter the building. The office staff will scan your ID. This provides an effective way to keep our school safe.

General Information:

NTDSE believes that parents are our educational partners and encourages parents to maintain an active role in their child's education. To this end, NTDSE encourages parents to visit their child's classroom and to maintain regular communication with teachers, therapists and administrators regarding their child's educational progress. In addition to parents, NTDSE welcomes visits from professionals working with our students. We believe that collaboration between professionals supports maximum student growth.

Parents/professionals wishing to visit the child's classroom should contact their child's classroom teacher with a proposed date and time for the visit. Parents must provide a minimum of 3 day notice prior to the observation. The classroom teacher will work with administration to arrange for a staff member to accompany the parent/professional during the visit. Visits should be no longer than 30 - 40 minutes.
